## NEGROES WANT TO COME BACK HOME.

Reports from some of the negroes who left here in response to the lures of high wages, short hours and light work held out to them in northern and eastern States, indicate that the promises are being anything but fulfilled. Instead the negroes or some of them at least, have fallen upon hard times and are out of work and are anxious to get back home.

Only yesterday an old colored woman applied to Mayor Bassett wanting to know if there wasn't some way in which her three sons could be furnished money to pay their railroad fare back to Hopkinsville. She said they were in New York without work and were actually in want. Other cases of similar sort have been reported here—Hopkinsville New Era.

## POLICE COURT NEWS.

The following have been fined \$5 and costs for minor infractions of the city ordinances under the charge of breach of the peace:

Homer Barnes, Frank Johnson, E. D. Bryant, Ferdie Sanford, B. D. Smith, M. Rice, Simon Young, Lewis Jones, J. R. Weatherly, Buck Pullen, Vm. O'Rear and Frank Hilrick.

## JAMES PRES. PRO. TEM.

Senator James served as acting president pro tem. of the Senate during the closing hours of the session. He was selected Thursday to be the presiding officer by Vice President Marshall and Senator Clark, the president pro tempore.

## FARM FOR SALE.

A 360 acre farm at a bargain, 15 miles west of Hickman, Ky. Seven houses, three barns, fine corn and cotton land.—W. S. Edwards (owner), New Madrid, Mo. 10-5p

## News Snapshots Of the Week

Victory for the four railroad brotherhoods was quick when congress took the eight hour measure in hand; the railroads say the supreme court must now pass on its constitutionality. The situation in Greece took on additional interest as King Constantine agreed to more of the allied demands; Premier Zaimis became virtual dictator with the consent of ex-Premier Venizelos; Greece came nearer to entering the war. President Wilson signed the child labor bill. The naval maneuvers, in which the Arkansas took part, were declared to have been most important yet attempted. Von Hindenburg, being raised to the chief of the imperial staff by the kaiser, at once directed new operations to ease allied pressure in Austria. The United States-Mexican conference went into session at New London, Conn., in an endeavor to settle all phases of Mexican trouble. Lieutenant Robert Fay, convicted German bomb plotter, escaped from the federal prison at Atlanta.

## WENT OFF THE TRACK.

The N. C. & St. L. passenger train, due to leave at 7:10 a. m., was delayed over an hour Saturday morning. As it pulled out, something went wrong with the switch and part of the train went out on the main line and the cars following started off on a side track. Fortunately, the train was running slow and no one was hurt. Only one car got off the track.

Mrs. Edna Carpenter, who developed a case of diphtheria last week, has about recovered. The disease was given no chance to spread; and no other cases have been reported.

## LEVEE CONTRACT LET.

Romch, Stansell, Lowrance Bros. & Co. were the successful bidders on the Reelfoot Levee work, let at Memphis. This job is the building of a loop and banquet at mile four, 4 miles below Hickman, and embraces 360,000 yards. The bid was for sixteen cents.

The Fulton County Levee Board is floating a bond issue of \$35,000, representing the amount to be contributed by the landowners behind the levee.

Mrs. C. H. Moore attended the funeral of her aunt, Mrs. S. E. Hildbrun, at Clarksville, Tenn., Saturday.

## MAINE GOES REPUBLICAN.

In the State election in Maine Tuesday, the State went Republican by about 10,000 majority.

Maine simply voted as she has voted in every presidential election since 1852, except in 1912, when the G. O. P. was split and let Wilson carry the State. But, Maine is only a drop in the bucket—so don't worry.

The continued drought played whacky with the watermelon crop of this section. Practically none have been raised. Many loads of melons, grown in the vicinity of East Prairie, Mo., have been marketed here this year at better than usual prices.

## ASSESSOR C. B. HACKETT.

At a meeting of the Board of Commissioners, Monday evening Capt. C. B. Hackett was named as assessor for the City of Hickman for the present year. Splendid selection; Mr. Hackett is a clean, competent, capable and as familiar with property and property values as any man in Hickman.

D. Jurney leaves this week for Princeton, Ky., to spend a couple of weeks looking after the Ky. Light & Power Company's business there—the company having recently acquired the light business of Princeton.

## HICKMAN PUBLIC SCHOOLS OPENED MONDAY MORNING.

Hickman's public schools opened Monday morning, for the 1916-17 term, with a good attendance. Many of the school's patrons were present to witness the opening and encourage the teachers. Dr. Martin, the Seattle evangelist, made an inspiring address, and was followed by others with short talks. Rev. Thompson conducted the devotional exercises, and a violin solo by Mrs. Brasfield was enjoyed; also, a vocal solo by Mrs. Hatcher. It required most of Monday to make assignment of classes, distribution of book lists and other preliminary work, and the youngsters got down to hard work Tuesday. Both faculty and pupils seem enthused with the work before them and every-thing points to a successful term. As usual, the buildings were crowded, and will be until the four room high school building is completed.

The total enrollment was 705, with 189 in the Tyler Memorial school in West Hickman. The high school attendance is larger than ever before—with 77 pupils.

The list of teachers follows: Prof. J. M. Calvin  
Miss Margaret Cartwright  
Miss Annie Sharrow  
Mrs. Mary Barber  
Mrs. Alice Shelbourne  
Miss Lillian Coffey  
Miss Mildred Ramage  
Miss Mattie Mari Seay  
Miss Imogene Moore  
Miss Ola Mouan  
Miss Lite Faris  
Miss Marguerite Fuqua (music)

Mrs. Van Fuller  
Mrs. Avee Jurney  
Mrs. Lena Parham  
Miss Ruby Seay.  
The last four named are teachers for the Tyler school; the others at Hickman College.

## LEG DISLOCATED IN RUNAWAY TUESDAY.

Gid Williams had his right leg dislocated and was otherwise bruised up and F. R. Robertson was considerably bruised as a result of a runaway here Tuesday afternoon.

They were coming down the hill in front of the Hickman Bottling Works in a wagon. The team became frightened at an automobile and ran into a telephone pole throwing both men from the wagon.

Drs. Curlin & McPheeters attended the wounded men, who were taken to their home near Fish Gap Hill later in the same evening.

## 30 DAYS OF GRACE ON CITY TAX LIST.

The city fathers have decided to extend the time 30 days more before imposing the penalty on city taxes, which will give until Oct. 1st to settle. After that date a ten per cent penalty will be added to all unpaid city taxes. This extension of time was made by reason of the fact that part of the list was not complete in due time and the books came into the hands of Mr. Hamby several days late.

## COMING BACK HOME.

We notice in many of the State papers that large numbers of the boys who went to Detroit and Akron to work are returning get sick, the work is too hard for home. Some get homesick, some, and others are satisfied with the trip, while board and other expenses are beyond all reason. The roads have been kept hot both ways for months.—Mayfield Messenger.

## SHOULD BE STOPPED.

We are told that not only bicycles, coasters, etc., are being run on the sidewalks, but that a grown-up fellow is using the walks to run his motorcycle on. The whole business is in violation of the city ordinances and should be stopped.

Court begins next Monday.

## SCHOOL OPENING EVENT

Now's the Time to Outfit the Youngsters. School Wear of Every Description, Suits, Dresses, Etc., Are Here in Big Variety at Economical Prices.

PREPARING THE CHILDREN for school usually means a considerable outlay of money, especially where there are several young hopefuls to be properly outfitted. ## County School Notes

By Miss Virginia Luten  
County Supt.

Cayce and Sylvan Shade schools will open Monday, the 18th. We hope to have a large number of visitors present at the opening of these schools. We hope that parents as well as students will be at the opening exercises.

The date for the election of rural school trustees has been changed to the first Saturday in October. The new trustees do not begin to serve until March, hence all trustees now in office will serve until March 1917, or March 1918. On October 1st of this year trustees will be elected in the following districts: Taylor, Lodgeton, Sylvan Shade, Cayce, Stubbs, Graves, Beach Grove, Blue Pond, Sassafras Ridge, New Hope and Tyler.

We will not hold a county fair this year, as we are emphasizing the organization of School Improvement Leagues, and some other special lines of school work and feel that it is not best to untie. Our school fairs have been derelict too many things at one very successful and we hope to have more school exhibits in the future.

The Teachers Institute held at Fulton was unusually successful and well attended. We were fortunate in having as instructor Prof. Chas. D. Lewis, of Berea College. That institution had just granted to Prof. Lewis a year's leave of absence for study and he brought to our institute many new and progressive, and at the same time practical ideas.

### OCT. 3rd IS DAY TO REGISTER.

All voters in the three wards of Hickman will have to register on Oct. 3rd, if they expect to vote in the coming presidential election. Last week we stated that Oct. 10th was the day, but we were in error.

Don't forget this.

Men and women are often capable of greater things than they perform. They are sent into the world with bills of credit, and seldom draw to their full extent.—Walpole.

### TABLE DELICACIES.

The tough ends of steak are often a problem in good serving. Cut the tough end from the steak and chop rather coarsely; cook it in a little butter with a little pepper and salt until it is well heated; add two tablespoonfuls of milk, dredge with browned flour, toss it well in one-fourth of a cupful of cream and serve with baked potatoes.

**Queen Pudding.**—Take three eggs, three-quarters of a cupful of milk, one-half cupful of hot water, three tablespoonfuls of sugar, two of gelatin and two of chopped raisins, with vanilla to flavor. Heat the milk to the boiling point; add the beaten yolks of the eggs with the sugar dissolved in warm water. While still warm add the whites thoroughly beaten and flavor with vanilla. Put into a mold and add the raisins chopped.

**Mashed Carrots.**—Scrape the carrots and let them stand in cold water for half an hour. Cook until tender in boiling salted water, then drain and wash, season well with butter and a dash of lemon juice; garnish the dish with parsley and serve very hot.

**Orange Preserves.**—Wash oranges and slice them in quarter-inch slices; cover with cold water and let them stand 24 hours. Cook them in the water until they are tender, but not soft; add a pound of sugar and the juice of one lemon for each orange and cook them until the fruit is transparent. Put the slices in cans in layers, pour over the syrup and when cold cover with paraffin. Serve with ice cream or as a garnish for various desserts.

**Marshmallow Parfait.**—Make a syrup by boiling together two cupfuls of sugar and a cupful of water until it is up to a thread. Then pour boiling hot on the stiffly beaten whites of two eggs; beat until thick and creamy, gradually beating in a pint of whipped cream; flavor with rose extract and put into the freezer; after five minutes when it is frozen to a mush add a cupful of nutmeats, chopped, and marshmallows cut up. Freeze until firm and let stand for two hours to ripen.

**Hams pickles and canned goods; none better.**—Pantier's.

## Stepping from the Book of Fashion Here Are the Season's Most Distinguished Examples

While our Fall display is not yet complete we are now able to make our First Showing of the correct modes in Apparel and Millinery. Welcome to the Showing.

### Coats Whose Graceful Lines Reveal Rare Distinction

Pile fabrics are prominent but are closely pressed by velours. English and Scotch mixtures, serges, gabardines and broadcloths. Seal and novelty plushes are also featured. Colors are mostly dark. Many coats flare from shoulder to hem and others are fitted above the waist but ripple that point. Sailor, draped and high standing collars are shown, the latter being most favored. Novel sleeves and cuffs are shown.

Prices range from \$7.50 to \$35.00

### Suits Whose Style Features Are Unusually Smart

Flared and straight line jackets are shown. Fitted styles will be in favor. Lengths are usually 32 to 36 inches but are longer and shorter as the use of certain features demands. Fur trimmings are used. High collars are featured. Skirts are semi-circular and longer. Fabrics are serge, poplin, gabardine, velour and broadcloth. Dark colors predominate.

Prices range from \$11.50 to \$35.00

### New Dress Goods

Splendid assortment at attractively moderate prices.

Including Serges, Broadcloths, Gabardines, Twills, Cheviots, Checks and Plaids.

Prices from 60c to \$2.00 for all wool fabrics.

### Fashion Features in Dresses

New and attractive styles in Serge, Satin, Georgette for afternoon wear, and new models in navy for street wear.

According to materials and style

Prices range from \$10.00 to \$30.00

### Opening Display---Fall Millinery

Our first showing of the new in Millinery is now being made in our Millinery Department.

Here are fashion's most favored models---hats of satin, faille and felt in medium and large sizes in Marquise, Napoleon and the broad brimmed picture hat shapes, trimmed with all the new and good adornments. See them by all means.

Prices Reasonable

Prices range from \$2.50 to \$6.50

### SPLENDID EXCURSION.

The moonlight river excursion on the big steamer St. Paul, run out of Hickman Saturday night under the auspices of the local order of Elks, was a success in every particular. Something like 400 tickets were sold, and many young people were here from nearby towns to enjoy the trip. The main feature of entertainment was dancing. Good order prevailed and everyone had a most enjoyable time, due to the hospitable manner in which the "home boys" looked after the comfort and pleasure of those aboard.

Syd. L. Dodds will be up from Clarkdale Sunday.

Fall weather.

### INTERESTING EXHIBIT.

Students of natural history will enjoy an exhibit of chimpanzees, especially the baby chimps, now on exhibition under canvas just east of the light plant. This interesting little show is given under the auspices and for the benefit of the Hickman Boy Scouts. The admission is only 10 cents and the show will be here until Saturday night.

Plain money shows are plentiful but baby chimpanzees are so rare this side of the Congo that it is well worth your while to see them in their semi-human antics and form.

## Courier's Home Circle

The home should be a place where man is always on his good behavior; our kindest words, our pleasant smiles, and our most particular favors, should be kept to exchange with our own household.

A woman who fails in her home fails in all. Home is woman's realm, given into her hands to regulate, govern and beautify. If she fails here she may look in vain for another kingdom; for she has failed in the only spot where she could ultimately have succeeded. She has laid down the jewels which God gave her to brighten and polish, and in their place finds nothing but dust and ashes.

People always speak well of a man who minds his own business and who seems to be disposed to be somebody in time. This is a queer world; many people are watching us, and often help comes when and from whom we least expect. Confidence is the safe in which men often deposit rich treasures and as you prove worthy so will your reward of success be. There is a reward in success, which none but those who strive can enjoy. Deserve success and it will come.

A man who has made a happy home for his wife and children no matter what he has not done in the way of achieving wealth and honor; if he has done that he is a grand success. If he has not done that, and it is his own fault, he is a most pitiable failure. We wonder how many men in a mad pursuit of gold, which characterizes the age, realize that there is no fortune which can be left to their families as great as the memory of a happy home.

It is natural and right that a mother should wish to see her daughter well educated and even highly accomplished; and it is a mistake that good and careful education should unfit a girl for the homely duties of cooking, dusting and general housework. On the contrary, those duties would be better performed if mothers would at the same time they seek talented instructors for their daughters, impart to them some of their own culinary talent; there would be more good wives and marriages.

If your own son or daughter has accomplished some difficult piece of work, rendering you essential assistance; or have climbed some steep in the daily drill of new accomplishment, or added study, or have acquired some grace, or better than all have gained the victory over some bad habit or besetting sin—acknowledge it, see it, praise them for it. Let them see by your added tenderness, the deep joy and comfort it gives you. Thus you will create a great incentive to right conduct, and lay a broad foundation for a character which shall be redolent with a succulent fruit and fragrant blossoms.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces the swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. ## BOOZE GOT HIM.

He was rather tall and his clothes fitted badly. His straw hat had seen better days, as his hair crept through several creases in the lid. His shoes were old and battered, but despite the seediness of his attire, it was evident that he had seen better days. The brilli cy of the coloring of his nose perhaps told his story better than words. "Pardon me for this intrusion into the sanctum sanctorum," he said with a courtly bow, "but I opine that the editor of the weekly paper in the smaller cities of our fair land is, in most instances, the fount of local knowledge. I am, as you see, a Knight of the Road. I have fallen from grace, but will not bore you with the details of my misspent life. Suffice it to say, good sir, that I am famished, and fain would I dine. I yearn not for a table set with glistening silverware and fine drapery, but would content myself with a repast of plain, but plenty of vittals. It has been so long, my dear sir, since I saw a square meal that I would have to have an introduction to one if I met it." We thought the flow of language to be worth a quarter, and passed it to him. A little questioning brought forth the information that the Knight of the Road had graduated from a university, and at one time was a salesman of high-class oil paintings. Money came too easy, and he grew exceedingly fond of the flowing bowl. One downward step led to another—and then he became a tramp. Pocketing the coin, he favored us with applicable quotations from Dante and Shakespeare, and then bowed himself out the door. Yes, he was just another derelict on the sea of life. He had lost the motive force of ambition, and had become contented to drift with the tide, instead of trying to breast the current to better things.—Ex.

## ADMINISTRATOR'S SALE.

On Tuesday, September 19, 1916, at my home place in Hickman, Kentucky, I will, as administrator of the estate of G. W. Phelps, deceased, offer for sale to the highest and best bidders the following personal property:

10 good cows  
50 steers and heifers  
20 mules.

A large lot of farming implements, such as plows, drills, disc-drills, harrows, etc.

A six cylinder, 7 passenger Studebaker automobile.

Eight shares of Farmers Bank stock in the Farmers Banks of Fulton, Kentucky.

11 shares of stock in the Mayfield Woolen Mills.

Many other articles too numerous to mention.

The live stock is in fine condition and any person desiring to see it before date of sale will please call on me at my residence and you will be shown it.

If it should rain on this date the sale will take place on the next day. The sale will open at 10 o'clock a. m.

Terms of sale will be made known on day of sale. All sale notes must be well secured. — Mrs. G. W. Phelps, Administrator.

D. B. Wilson is able to be out again after several weeks illness.

You can feel safe if we fill your prescriptions. — Hickman Drug Co.

### TO AVOID EGG LOSSES.

Cracked eggs are the cause of great trouble and loss to the egg industry from producer to consumer. Every time an egg is handled on the farm or elsewhere it is likely to get shell damage. Occasionally the hen cracks an egg, but that is seldom. The farmer cracks some on the farm, and by the time he has hauled them to the country store or to the shipper investigators find that approximately four per cent are cracked and one-tenth of one per cent mashed or leaking. If the country storekeeper rehandles the eggs and hands them to the egg shipper, the number of cracked eggs is increased to about six per cent. In addition, three-tenths of one per cent are mashed eggs or leakers that must be thrown out. If, however, the country storekeeper sends the cases of eggs to a nearby shipper by local freight, the total of cracked eggs has risen at the end of the journey to approximately seven per cent, and one per cent more are mashed or leaking. The damage when eggs reach the big cities after a haul of 1,000 miles or more will depend upon the quality of the egg packing, the way the lot is placed in the car, and the way the railroad hauls the car, especially when switching. When the eggs are shipped in car lots and both shippers and carriers do their work well, transit dam-

Excelsior Buffering Properly Placed in Case Makes an Even Soft Cushion Which Prevents Eggs From Shifting.

Excelsior Buffering Improperly Used, Increases Rather Than Prevents Egg Breakage in Case and Distributes Pressure Unevenly on Top Layer.

age is kept down to as little as one per cent, including cracked, mashed and leaking eggs.

Approximately one egg in two cases gets unshipped or becomes a leaker on the railroad trip. But when eggs are shipped in less than car lots, the transit damage is generally multiplied many times. The total damage from all handlings of eggs between the hen and the consumer, investigations show, is certainly not less than ten per cent, and may be even greater. The ten eggs out of 100 that are damaged consist of about eight eggs which are lowered in value by cracking and about two eggs which are a total loss.

The following rules for shippers, if practiced, will prevent cracks:

- (1) Use only new, strong, standard egg cases, having five, or better, six, three-penny, cement-coated nails at each joint. See that the partition is exactly in the center.
- (2) Use "medium," "three-pound," or "No. 1" fillers and flats. The "three-pound" filler gives general satisfaction. Be sure that they are new, and that the tips are not bent or softened. At least five times as many eggs break in fillers that have been used as when they are new and firm.
- (3) Never fall to put excelsior, cork shavings, or the little "quarter filler" in the bottom of the case so that the eggs will have an even cushion under them; and be sure to spread excelsior evenly and plentifully over the top flat, or put in a corrugated board in place of the excelsior. The top layer has generally twice as many eggs broken in transit as has any other layer in the case.
- (4) Be sure the lid is put on the case so that it fits and is on straight. In nailing the lid down see that the three-penny, cement-coated nails all take hold and go squarely into the wood. Use six of them at each end.

### GROWING CHICKS AND FOWLS

Those Not Permitted Free Range Must Have Variety of Feed or Results Will Be Poor.

While growing chicks and fowls which have free range on a farm will do well in summer on most any kind of feeding, those that have not free range and cannot balance their ration themselves, must have a variety of food or results will not prove profitable.

### BUGGY AND CAR COLLIDE.

A near-serious accident occurred here Saturday night about 9 o'clock, when a big car driven by Barney Hughes collided with a buggy driven by Mrs. Johnson (formerly Mrs. M. L. Kesterson), who resides in the upper bottom. Reports are to the effect that Mrs. Johnson jumped from her buggy when she saw the collision was about to occur and fell against the car. Though slightly bruised, she was not hurt to speak of. Her son was also in the buggy and escaped injury. The vehicle was somewhat crippled up.

The accident occurred on the hill in front of W. S. Swift's store. Mr. Hughes stopped the machine quickly, and this averted a serious smash-up.

### A TWICE-TOLD TALE.

One Of Interest to our Readers.

Goods news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitate to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Hickman man is confirmed after three years:

John Weatherly, Hickman, says: "I was a victim of kidney complaint. I had to get up many times during the night to pass the kidney secretions and was all tired out in the morning. I doctor-ed and tried a lot of medicines, but to no avail. Finally, I got Doan's Kidney Pills at Helm & Ellison's Drug Store. They made my kidneys normal and improved my condition in every way."

**OVER THREE YEARS LATER.** Mr. Weatherly said: "You are at liberty to use the statement I gave some years ago recommending Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Weatherly has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. Advt.

### CARS GETTING CHEAPER.

Keen competition between automobile manufacturers is resulting in a gradual reduction of prices. 1917 Fords and Chevrolets have both dropped in price about \$50 to \$60 a car. Only when the urgent demands for the cars have been filled will a sure enough drop occur; but the market, once forfeited, will go to pieces. Agencies will be abolished and popular priced cars will be selling around \$200.

### DON'T NEGLECT YOUR COLD.

Neglected colds get worse, instead of better. A stuffed head, a tight chest must be relieved at once. Dr. Bell's Pine-Tar-Honey is Nature's remedy. Honey and glycerine heal the irritated membrane, antiseptic tar loosens the phlegm, you breathe easier and your cold is broken up. ### HENRY WANTS MILLION.

Suit for \$1,000,000 was filed by Henry Ford, the Detroit manufacturer, against the Chicago Tribune in the United States District Court, at Chicago, Friday. Mr. Ford asks for personal damages as compensation for an editorial printed in the Tribune June 23, which, it is charged, called Ford an "anarchist."

The bill charges that the Tribune "sought to bring the plaintiff into public hatred, contempt, ridicule and financial injury" by publishing the editorial.

Henry is there when it comes to getting free advertising.

### WHAT IS YOUR TIME WORTH TO YOU?

Everyone's time is worth something so when you lose time from your work you lose money. When you take calomel it makes you sick and causes you to lose time from your work and is liable to salfate you. Lemolac is a guaranteed substitute for calomel that is pleasant to take and as it does not gripe, sicken or salfate it is rapidly taking the place of dangerous, unpleasant calomel. You don't have to take a day off when you take Lemolac, so it is worth to you in proportion to what your time is worth, yet a large bottle costs you only 50 cents. You may eat or drink what you desire while taking Lemolac. We are more than anxious to have you try Lemolac at our risk and will pleasantly refund your money if not entirely satisfactory.—Helm & Ellison.

P. S.—If you forget the name spell calomel backwards. Advt.

### STAMP TAX LIFTED.

Since midnight of last Friday, the use of revenue stamps, as designated in schedule A and B, has been discontinued.

Following is a list of the more important items in schedule "A."

Bonds, stock, certificates, bills of lading, promissory notes, profit certificates, contracts, including all descriptions issued from a brokers' office, deeds, insurance policies, power of attorney, check protest, telegraph and telephone messages and sleeping car tickets.

Cosmetics and perfumes are effected in schedule "B" and chewing gum is listed in this section. Cosmetics are described as including hair dyes or dressing deodorizers, vaseline and similar articles.

Schedule A is the one felt most by the general public, as express, telephone, railroad and other big corporations politely collected the extra penny from the customer.

### STOP THE FIRST COLD.

A cold does not get well of itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your druggist, 50c. Advt.

#### CONGRESS ADJOURNS.

Congress adjourned Friday morning at ten o'clock. After nine months devoted to legislation, both houses held protracted sessions night to wind up their affairs by approving the conference agreement on the emergency bill to raise approximately \$200,000,000, desired by the administration for national defense and the Mexican emergency.

#### COTTON CROP ABOUT SAME AS LAST REPORT.

The cotton crop about broke even during the past fortnight. In Texas and Oklahoma there were some slight improvements reported, Georgia and North Carolina about hold their own, while there was further deterioration in the remainder of the belt.

The crop is opening rapidly, probably more rapidly than ever before known at this time of the year. Farmers are picking about as fast as the bolls open, and in a majority of cases the seed cotton is being run through the gin and the lint offered for sale. There is some talk, however, of withdrawing offerings at below 15 cents, basis middling. Growers in some of the sections of Mississippi and Alabama where the outlook is poorest constitute an exception to the general rule to sell as fast as ginned.

Boll weevil ravages continue over a constantly widening range of territory. Over large sections of Mississippi and Alabama the crop is a practical failure as a result of storm damage, followed by boll weevil depredations. Some damage is also being done in Texas, Louisiana and Southern Georgia.

Some Mississippi markets report the staple selling at 21 to 31 cents a pound and seed at \$40 per ton.—Commercial Appeal.

#### EMERGENCY REVENUE BILL PASSED BY SENATE.

The administration emergency revenue bill, designed to raise \$250,000,000 annually from taxes on inheritance and war munitions and from increases in the income tax; creating a tariff commission; establishing a protective tariff on tation of American firms from dyestuffs; providing for "protective dumping" at the end of the war and giving the president authority to take drastic retaliatory steps against allied interference with American trade, was passed by the Senate. The vote was 42 to 16.

Drastic amendments to the revenue bill, striking at the allied blacklist and British interference with American mails, were adopted by the Senate and created consternation among the diplomatic representatives of the allies.

In allied quarters it was declared that the enactment of the amendments into the law would constitute nothing less than a non-intercourse act, preliminary to a commercial warfare with possibilities of far-reaching consequences.

Amendments designed to provide means of retaliation against Great Britain for embargoes on American goods, the trade blacklist and interference with the mails, were agreed to without roll call.

Employment of the land and naval forces of the United States to enforce retaliatory measures and to prohibit importations of goods into the United States from nations which prohibited the importation into their own or into any other country, dependency or colony of any article the product of the soil or industry of the United States and not injurious to health or morals is provided in one of the amendments.

# A Woman's Problem

**How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.**

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSLING, 921 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

#### ELLISON GRO. & HDW. CO. STORE CHANGES HANDS.

The Ellison Grocery & Hardware Co., one of the leading mercantile establishments of Hickman, changed hands Friday. The store was owned by L. P. Ellison, who sold to his brother, W. S. Ellison. The former will retire to look after his farming interests, and is one of Hickman's oldest and most successful business men. The new owner, who has for years been in the wholesale feed business, is also an old member of Hickman's business circle, and an experienced grocery man.

There will be no change in the business policy of this store and it will run under the old name. While L. H. Kilpatrick is also retiring, the rest of the sales force will continue with the new management, viz: Mack Reid and Amos Matheny.

### WEEVIL GETTING CLOSER.

Some scare was created last week when some one brought to town some boll weevil that they found in their cotton, but we have heard nothing from them since that time and it is supposed that no damage has been done by them.—Kenton Herald.

Services for Sunday, Sept. 17, will be as follows:

Junior church at 11 a. m. with sermon by the pastor.

Subject: "Six things that are told us about a great man."

If the revival at the Christian church continues there will be no evening service. There will be no prayer meeting as long as the meeting continues.—R. C. Douglass, pastor.

FOR SALE, cheap—small Fairbanks-Morse pump engine in good condition. Call on F. M. Case, etc.

### TOO HOT FOR PREACHER.

Rev. A. A. Myrick, of Calvert City, Ky., stopped at the Southern Hotel Wednesday night for about a half hour, but left when the porter offered to provide him with a feminine companion for the night. Yesterday morning he appeared before Judge Crossland and rendered a general complaint against the hotel, resulting in a warrant, charging the management with the operation of a disorderly house.

Rev. Myrick had just returned from Passaic, Mo., where he has held a revival. He registered at the Southern, intending to proceed to Calvert City the next morning. En route to his room the porter offered to get a girl for him. Feigning ignorance the minister asked who he would get, and the porter replied that he might get the girl who had just passed. Reaching the room Mr. Myrick told the porter he did not want a girl, that he was a minister. The negro said no more and left and later returned to smooth things over. The minister then dressed, went to the office, received his money back, and went to the Hotel Simont.—Paducah News-Democrat.

### CALOMEL SALIVATES AND MAKES YOU SICK.

Acts Like Dynamite on a Sluggish Liver and You Lose A Day's Work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. ### NEW COIN READY FOR CIRCULATION.

If some one hands you a silver coin that has an unfamiliar look, don't refuse it in the belief that it is counterfeit or of foreign origin. The probabilities are that it will be a sample of Uncle Sam's new mintage, which is about to be placed in circulation in compliance with the new law that requires a change in the design of the silver piece once in every twenty years.

The new coins now ready for circulation consists of half dollars, quarter dollars and dimes. For more than a month the United States mints in Philadelphia, Denver and San Francisco have been turning them out at a rate of about \$40,000 worth a day so that now the amount on hand is sufficient to be placed in circulation over the entire country within the next few days.

The design of the new half dollar is considered a higher type of art than the coins that have for so long been familiar. The markings are not so prominently cut and the coin has a much smoother appearance. On one side of it is the figure of the Goddess of Liberty holding in one arm a bunch of olive branches. Above the figure are the words, "in God we trust;" below it is the word "Liberty." On the opposite side of the coin there is a spread eagle grasping an oak twig in his talons as he stands upon a rock. At the top is printed "The United States of America," and at the bottom "Half Dollar."

One side of the new quarter has the full figure of a woman coming through a gate in a wall. On the opposite side there is pictured an eagle in flight. The new dime is of a sharper cut. On one side is the head of a woman. Over the head is printed the word "Liberty" and in the lower left hand corner the date. The obverse side of the coin has a bundle of Roman "fasces" tied tightly together with an axe and a strong oak stick. Below the cutting is the Latin quotation, "E pluribus unum."

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### THE CORPSE DISFIGURED.

A \$5,000 damage suit, peculiar in its nature and allegations, was filed in the Adair circuit court a few days ago by A. M. Huddleston, of Cumberland county, against W. H. Myers & Son, who owned and operated the automobile between Columbia and Campbellsville until July 1, this year. In his petition the plaintiff states that his mother died near Hatcher, Taylor county, on May 1, 1916, and while he was conveying her remains in a hearse to Cumberland county for burial, and when near the Murrell hill, in Adair county, they met one of the defendant's cars, driven by Pete Garvin. The team drawing the hearse became frightened at the automobile and turned the hearse over. Plaintiff states his nose was broken and mashed and his face permanently disfigured, that the casket containing his mother's corpse was broken open and the arm of the corpse broken and was displaced and general disfigured.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

In addition to her regular consignment of freight, the Str. Stacker Lee put off the body of a dead negro man here last night, who had been killed in a fight. From what County Coroner H. C. Barrett was able to learn, three or four negroes engaged in a fee for all knife duel on the

boat between Cairo and Columbus resulting in the death of one and a frightful mutilation of another. Papers found on the body of the dead negro indicate that his name was Sam Boykin, of Memphis. He was probably a roisterer. He carried three pocket-books, in which were 40¢ cash. Boykin was stabbed in the heart. Others engaged in the fight remained on the boat.

## DEMOCRATIC BANNER DAY.

The formal opening of the Democratic campaign at Winchester, Saturday, was as delightful as the occasion was auspicious. The sun never shone more brightly on the "Old Kentucky Home," the atmosphere was never more delicious and invigorating a warmer welcome was never extended than by the Democracy of the splendid county of Clark and everything seemed to work together to make the event one of the never to be forgotten by the many thousands of enthusiastic men and women who attended. Every detail for the comfort and enjoyment of their guests had been carefully arranged and nothing left undone by the general chairman Judge John E. Garner, Judge John M. Stevenson, Senator Abe Rennie, Steve Vaughn, and the able and willing corps of assistants, while the people of town and county vied with each other in doing everything in their power to add to the delights of the day. The city had been decorated in gala attire and flags and bunting floated everywhere.

The fair grounds were selected for the place of speaking, and a shed erected in front of the mammoth amphitheater for the speakers and hundreds of men of prominence. At 10:30 Judge Garner made a stirring and witty address of welcome, followed by Chairman J. Campbell, Cantrell, of the State campaign committee, who thanked in warmest terms the good people for their splendid efforts to make the opening memorable, said a few words of cheer to the people who crowded the amphitheater and filled every conceivable space in all the region aroundabout and introduced Congressman Hardy, of Texas as the first speaker, who eloquently told of the accomplishments of the administration and urged the retention in office of the man who made them possible and fulfilled every promise of the convention that nominated him. His speech was logical, forceful and vote winning.

Following his address, which was listened to with rapt attention, the onslaught on the feast of burgoon, fried chicken, barbecued beef and lamb with many other good things, began, and though the charge was heavy and continuous the impression was hardly noticeable and the heavy laden tables would have withstood the charge of several thousands more and still groaned with their weight of well prepared edibles. It was a real feast from which no one went away empty. On their own initiative and at their own expense, the ladies had prepared another feast in a large tent in honor of the vice president's charming wife, where the speakers and others enjoyed a real banquet, served by beautiful girls and comely matrons and every body made to feel that it was good to be there. The tent was gaily decorated and the ensemble was beautiful.

The latter man having been satisfied, Gov. Stanley introduced the leading speaker of the day, Vice President Thomas R. Marshall, of Indiana, who was received with tumultuous applause, and he was a most captivating address, full of hope and confidence. Mr. Marshall is a born orator and possessing the ability to tell an anecdote well, he soon caught his audience which listened to his effort with wild cheers and applause. There are few more popular speakers than Woodrow Wilson's running mate, "the tail of his kite," as he called himself, and his eloquent recital of constructive work accomplished during the three and a half years that the Democrats had been in power, made a lasting impression on the multitude, which drunk in every word with avidity, and seemed fully to agree with him that God had raised up Woodrow Wilson for his great work.

Congressman W. J. Fields then introduced the Hon. Thomas J. Heflin of Alabama, whose fame as an orator is nationwide, and for an hour he kept the vast throng applauding or convulsed with laughter at the stories he told so inimically. It was a great speech and kept the crowd to its end, though more than half of it had to stand to hear it.

Chairman A. B. House, of the speakers' bureau, could hardly have made better selection for the occasion as every man of them is master in his line of speech.

The great crowd, which came from many parts of the state and was variously estimated at from 10,000 to 20,000, reluctantly took its leave, filled with enthusiasm and intent on doing all in its power to re-elect Wilson and Marshall for four more years of patriotic service.

These have been many grand open

ings of Democratic campaigns in Kentucky, but the one at Winchester eclipsed them all and the Democracy of the state owes the people of Clark county a debt they can hardly repay. Everybody at all acquainted with the public spiritedness of those wide-awake citizens, knew that they would strive to outdo all other occasions, and gloriously did they fulfill the confidence. And to them be honor and glory now and always. They certainly emphasized the ambitious little city's place on the map and wrote her name high on the scroll of fame.

Chairman Cantrell expressed his real delight over the auspicious opening of the campaign, that must result in a famous victory for Democracy and is prouder of the county of his congressional district than ever. It was indeed a glorious day for the cause of the people and a forerunner of a victory that will surprise the nation, which has been led to think that Kentucky is a doubtful state.

The enthusiasm engendered by the glorious meeting at Winchester will spread all over Kentucky and with such candidates as Wilson and Marshall and such achievements as the Democratic party has to its credit the old commonwealth ought to be good for the Tilden majority, which was 60,000. Kentuckians recognize true worth and faithful service and all who love these qualities will vote to retain the man in office who has done so much for the cause of humanity. Up men, and at 'em.

The President Turned the Trick

Candidate Hughes is greatly worried over the way the president succeeded in averting the railroad strike and deplores the passage of laws in advance of investigation. He is, therefore, attempting to belittle the whole business, but he will have his labor for his pains. As Grover Cleveland said on one occasion, "A condition and not a theory," confronted Mr. Wilson, and he did what the whole country applauded him for doing. The Republicans tried to embarrass the President in the matter, but he turned the trick and came out more than a victor and made himself more solid with the people. The laboring people especially are singing the praises of the man who meets every emergency manfully and successfully.

## The President Turned the Trick

Easy to Satisfy.

The Republican State Campaign Committee professes to be satisfied with the result of the cost of the performance in trying to make a showing for Hughes in this state, another instance of being thankful for small favors. It is doubtful if Hughes made a vote by his speech in Lexington, while it does not admit of a doubt that he lost very many. Neither his speech nor his presence was inspiring and the crowd, motley as it was, evidently expected better things from the candidate of a once great party. Mr. Hughes' visit demonstrated anew and more fully that the Wilson spirit prevails in this state and that it will be given full force and effect on the 7th of November.

## Has Another Think Coming.

"I cannot believe that the splendid spirit which has been shown here today is a mere passing enthusiasm. I hope it means that the people of our State realize that the success of the Republican party in national affairs will advance the welfare of the nation, their own state, and their own homes." Thus spoke Mr. Hughes at Lexington. If the one hundred per cent. candidate really believes his own words he has another think coming. Kentuckians are usually polite to visitors and show them courtesy, but they do not accept as truth everything that is told them. Mr. Hughes is likewise mistaken about enthusiasm. It was not great to begin with and was entirely manufactured by the campaign committee and its hirelings. There is nothing about Mr. Hughes or his speeches to enthrall over, and he who seems to stop over on them does so either for pay or for pretense. Kentucky generally is pretty well satisfied with conditions under Wilson and cannot be made to realize, if such a realization were possible, that return of the Republican party to power would advance their welfare. They believe that return of that party to the control of the government means a return to special privileges by the taxation of many for the benefit of the few. Nay, Mr. Hughes do not permit yourself to be fooled—Kentucky is no doubt about her this time, she is for Wilson first, last and all times.

## The Colonel Disgusted.

Authentic report is that Colonel Roosevelt is much more obsessed with the desire to defeat Wilson than the election of Hughes, which he regards as a secondary consideration. The Colonel's antipathy for Wilson is because of the fact that the president has eclipsed him in the service of the country and relegated him from the front page and from the limelight. It is also said that Roosevelt is dissatisfied with the Hughes performance in the west, that he is almost ready to quit playing second fiddle in the swat fly campaign, as he calls it. Instead of talking Americanism, he says Hughes' talks civil service reform and instead of denouncing the German American alliance, denounces extravagance in governmental expenditure. He believes he has been tricked and is almost ready to quit. The Democrats, however, will object as he is making more votes for Wilson than it is possible for him to make for Hughes.

## CIRCUIT COURT.

On the docket for the September term of Fulton court which begins next Monday, there are 85 new civil cases and 130 Commonwealth cases, and it is expected that the docket will be pretty well cleaned up as this is a three weeks term, the third week to be held at Hickman.

The following cases have been filed at this term:

Mrs. G. W. Phelps Admr. vs. Alonzo Phelps et al, suit to settle the estate. Referred to Master Commissioner to hear claims against the estate.

Maude Stevens vs. W. S. and A. S. Barkett, suit for \$200 damages to stock of goods attached by defendants.

Turk-Wilson Gro. Co vs G. M. Ross, suit on mortgage.

Commonwealth of Ky. for benefit of T. R. Powell vs. Rose Oman and D. B. Wilson. Suit to require defendant to turn money over to Powell, who is guardian of a minor.

J. H. Brown vs. Odio Valley Fire & Marine Co., suit to recover \$800 on policy on harness shop destroyed by fire in Fulton.

Hickman Building & Loan Assn. vs. Nute Polk, suit on mortgage. Hickman Building & Loan Assn. vs. Mrs. L. E. Mayers, suit on mortgage.

Mary King vs. Southern Woodmen, suit on life insurance policy. Odie Basham vs. Southern Woodmen, suit on life insurance policy.

S. L. Dodds vs. Chas. Nichols, Jr. suit on contract for purchase of house and lot.

J. W. Benton Admr. vs. H. C. Helm Guar. et al, suit to settle estate of Lovie Cook. Matter referred to Master Commissioner to hear proof of claims against estate.

American Radiator Co. vs. Hickman Tin & Plumbing Co., suit on account.

C. T. Bondurant vs. Dahnke-Walker Milling Co., suit for \$110.70. Plaintiff states that W. G. H. Marshall was contracted with to deliver 3500 bushels of corn last April. Plaintiff also claims that 983.86 bushels had been delivered when defendant agreed to take over contract with Marshall and to pay plaintiff 5¢ per bushel profit on the remainder. They claim that 302.23 bushels were delivered and the 5¢s. paid, but that defendants, through their buyer, J. S. Creed, refused to take any more, and ask to be reimbursed 5¢ per bushel on 2214 bushels.

ROSS STILL MISSING.

Nothing definite has been learned as to the whereabouts of G. M. Ross, the Hickman grocer, who disappeared last week. It is, however, reported that he was seen in Cairo and is said to have bought a ticket there for St. Louis.

## COUNCIL PROCEEDINGS.

By affirmative vote of all the councilmen present, the following ordinance was passed, at an adjourned meeting of September 11, 1916.

The City Council of the City of Hickman do ordain as follows:

That the City of Hickman, through and by its proper officials and employees, raise or reconstruct the street or roadbed of Main street in said city between the intersection of Obion street and Main street, and the intersection of Broadway and Main street or so much thereof as is necessary to connect said Main street with the N. C. & St. Ry. Co., right of way or levee, for the purpose of protecting the said city or portions thereof from overflows of the Mississippi river, but to in no wise effect said main street for highway purposes, according to proper specifications and under the supervision of the Street Commissioner of said city.

#### GOOD FARM FOR SALE.

On Saturday, Sept. 30, 1916, I will sell as trustee, on the premises at 2:30 p. m. to the highest and best bidder for cash, subject to a mortgage note of about \$4,000 in favor of the Union Central Life Insurance Co., the farm known as the W. L. Alexander old home place, in Fulton County, Kentucky, and bounded as follows: On the east by the old Moscow and Troy public road. On the north by the lands of Capt. W. A. Shuck. On the west by the lands of E. C. Carter and McAdoo, and on the south by the lands of Mrs. M. F. Alexander, containing about 166 acres, it being the northeast quarter of section 26, Township 1, Range 4, West.

The deed to this land will be made by the present owners, Maj. W. L. Alexander and his son, James A. Alexander. This is a high class farm, well watered and situated in a fine community, only 2 1/2 miles from a good shipping point, 8 miles from Union City and 9 miles from Hickman. This is an excellent opportunity to secure a valuable farm. —Jno. T. Walker, Trustee. 2c

#### 1915 TAXES MUST BE PAID—LAST CALL.

This is to give fair warning to all taxpayers of the City of Hickman who have not paid their 1915 taxes that on and after Oct. 1, 1916, I shall proceed to levy on and sell property for the amount due and will garnish wages of those who have not paid poll tax. Pay now and save costs. This is no bluff.—Ed Hamby, City Marshal and Tax Collector.

#### TAX BOOKS READY.

The 1916 tax books are now open. See me at Hickman Bank & Trust Co., and pay state, county and school tax. Respectfully —Bailey Huddleston, Sheriff of Fulton county.

If your child is pale and sick, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Price 25c per bottle. Sold by Hickman Drug Co. Advt.
